PROFESSIONAL EXPERIENCE

Ms. Wallis provides policy analysis, strategic business advice and program management and implementation support to healthcare information, philanthropic, provider and technology organizations. Her services primarily focus on privacy and security, health information exchange, health information technology and health policy.

Prior to joining Manatt Health Solutions, Ms. Wallis served as a Project Coordinator for the California Regional Health Information Organization (CalRHIO), where she organized and managed the organization's position in the Health Information Security and Privacy Collaboration (HISPC) Project. Ms. Wallis also worked with the Santa Barbara County Care Data Exchange (SBCCDE) to measure consumer privacy and technology concerns regarding electronic medical records.
