

The Board of Trustees developed the following guidelines as it relates to the boards recognized in this section. A diamond (◆) preceding a listing indicates certification by the American Board of Medical Specialties (ABMS), the American Osteopathic Association (AOA) or the American Dental Association (ADA). Although a physician may be certified by other boards, the Spokane County Medical Society only recognizes the three organizations listed above. The Spokane County Medical Society does not guarantee or warrant or, in any manner, certify the expertise or the proficiency of a member in any category. The Society's only goal is to provide a convenient format in which the members express their certification(s).
